GENERAL RECOMMENDATIONS

If you suffer from any type of illness or physical problem, you must inform reception staff, especially in case of hypertension and vascular problems. Also, please let us know if you are pregnant. Please note that if you arrive late for a treatment, its duration may be reduced, therefore we recommend that you arrive 10 minutes early. We don't recommend arriving for a treatment with a full stomach or under the effects of alcohol. We also advise you to avoid long exposure to the sun just prior to enjoying treatment. To enjoy a hydrothermal circuit, you need to bring the towels provided in your room. Spa cap & flip flops are provided at the Spa (2€ returnable deposit required). The centre cannot be held responsible for any losses or thefts so please avoid taking items of value with you. Please relax and enjoy the facilities, but be respectful of other users by speaking in a low tone of voice.

SUGGESTIONS

Please do not hesitate to inform our staff of any complaint or suggestion you may have since this helps us to make improvements. Price may vary, depending on the season, without prior notice.

As a guest of the TUI Blue Sensatori Biomar, you can enjoy one free hydrothermal circuit per person/ night.
